Welcome

to Ludington

Imagine... the perfect vacation...warm, sunny beaches...fiery sunsets...miles of forested land...and total relaxation. You'll find this, and so much more, right here in Ludington, home port of the S.S. Badger and world-class charter boat fishing. Discover our many lighthouses along the Lake Michigan shoreline and explore the Ludington State Park, named the number one state park in the Midwest for its natural beauty.

Ludington and summer go together, and we make the most of it with terrific festivals and activities all season long. Gus Macker basketball tournament, Freedom Festival parade & fireworks, Friday Night Live, Offshore Fishing Classic, and Movies in the Park are just a few of our biggest events. Our growing arts community is putting Ludington on the cultural map, with an art center, children's museum, and entertaining concerts.

Don't forget to visit Ludington during the quieter seasons—when the crowds are gone and you can truly appreciate the vibrant colors of fall and the pristine beauty of winter. Enjoy your stay—our goal is to keep you coming back year after year. 🌻
